**Version with markings to show changes made**

**In the specification:**

[This application corresponds to the subject matter of provisional patent application serial number 60/079335, filed on March 25, 1998.] This application is a continuation of U.S. Serial No. 09/144,046 filed August 31, 1998, which is based on the subject matter of provisional patent application serial number 60/079,335, filed on March 25, 1998.

Paragraph beginning at page 14, line 7 has been amended as follows:

Other examples of edible layers are described in U.S. Patent No. [5,071,394] 5,017,394, assigned to the Lucks Company, and incorporated herein by reference. This type of edible layer is formed from a flour and/or starch base as opposed to the sugar base of the fondants. Another example of an edible layer is disclosed in U.S. Patent No. 4,334,404, issued to Garcia et al. and incorporated herein by reference.

**In the claims:**

Claims 1-37 have been cancelled.
